Chapter 6 Exercises

This folder contains:

comparison.html

destinations.html

form.html

form.css

Directions:

Comparison.html is for the Exercise found on pp. 103-106. Follow the directions as in the book. Submit a screen print of steps 1, 2, 4, 6, and 8. Note: The panel's layout in your version on Chrome may differ in appearance from what is in the book. You may need to expand panels (move the borders) to see the menu options for that panel.

Directions:

Destinations.html is for the Exercise found on pp. 111-114. Place the destinations.css file that you create in the Styles folder and link to the destinatinos.html page. Note that the link path to the destinations.css file will differ from what is written in the book. (If you do not remember how to link the CSS file in a HTML document contact your Instructor.) Follow the directions as in the book.

Directions:

Form.html and **form.css** files are used in the Exercise found on pp. 118-122. The form.css file is found in the Styles folder. Follow the directions as in the book.
